“Spring is all about the birth of new color and there is no better way to celebrate that with a new ikat pillow in pale blue and green to create new “moment” in your home. Spring for me is always a time for new inspirations which I often find in jewelry. One of my favorite’s this year is Asha’s bamboo rings, I want to wear white linen and accent my hands and wrists in colorful stones and exquisite metals!”

BACKGAMMON TABLE

Spring is about backyard patio’s and what a way to enjoy the outdoors than a game of backgammon on this white, grey an camel lacquered game table! This is fun and Fabulous!
