AFTER

Among this dining room's standout features: the black silk wall covering by Phillip Jeffries.

BEFORE

### Glamming It Up

ROUGHAN INTERIOR DESIGN, WESTON, CT

This New Canaan, CT, dining room was reinvented by designer Chris Roughan. A light-and-dark color palette (with black walls and detailed wainscoting) introduced a tailored and glamorous mood. The bold, round dining table stimulates conversation, seating 10 comfortably, while the polished nickel light fixture casts dramatic shadows over the room.
